FOREWORD

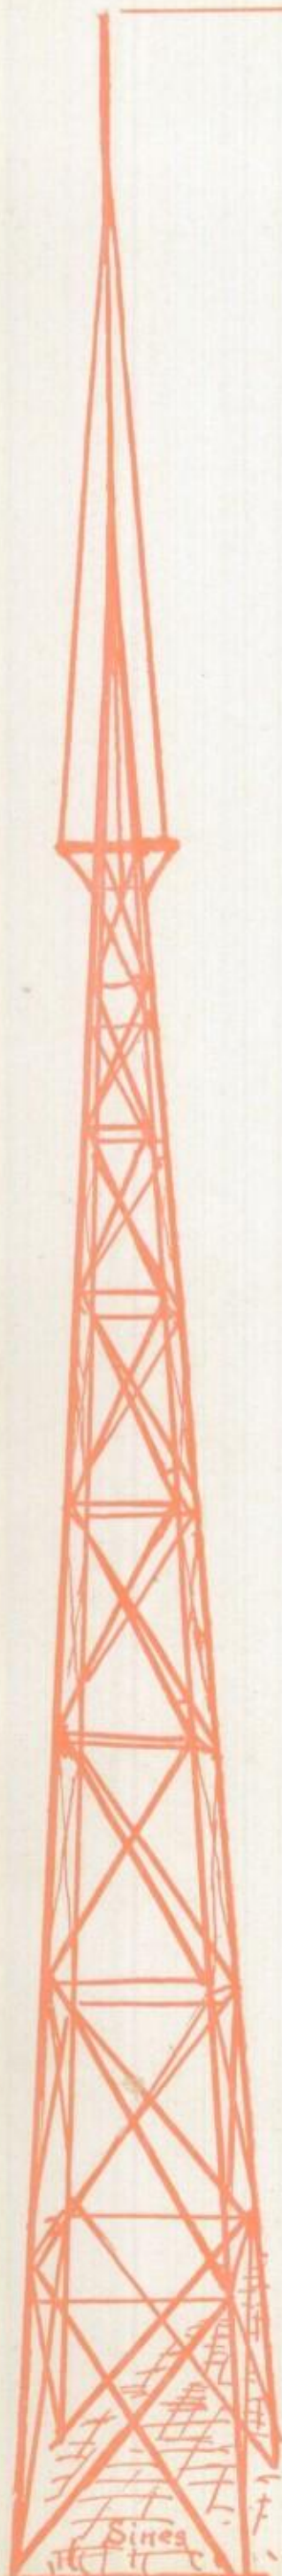

Believing that a yearbook, more than any other agency, can compactly and completely record in permanent form the achievements of a school year, the Zeta-Cordia staff offers this annual to high school and community.

ZETA-CORDIA

DEDICATION

To Walter Robrock, teacher of science in Bryan High School, loyal supporter of all high school activities, friend to faculty and student body alike, this radio edition of the Zeta-Cordia is respectfully dedicated.

ZETA-CORDIA

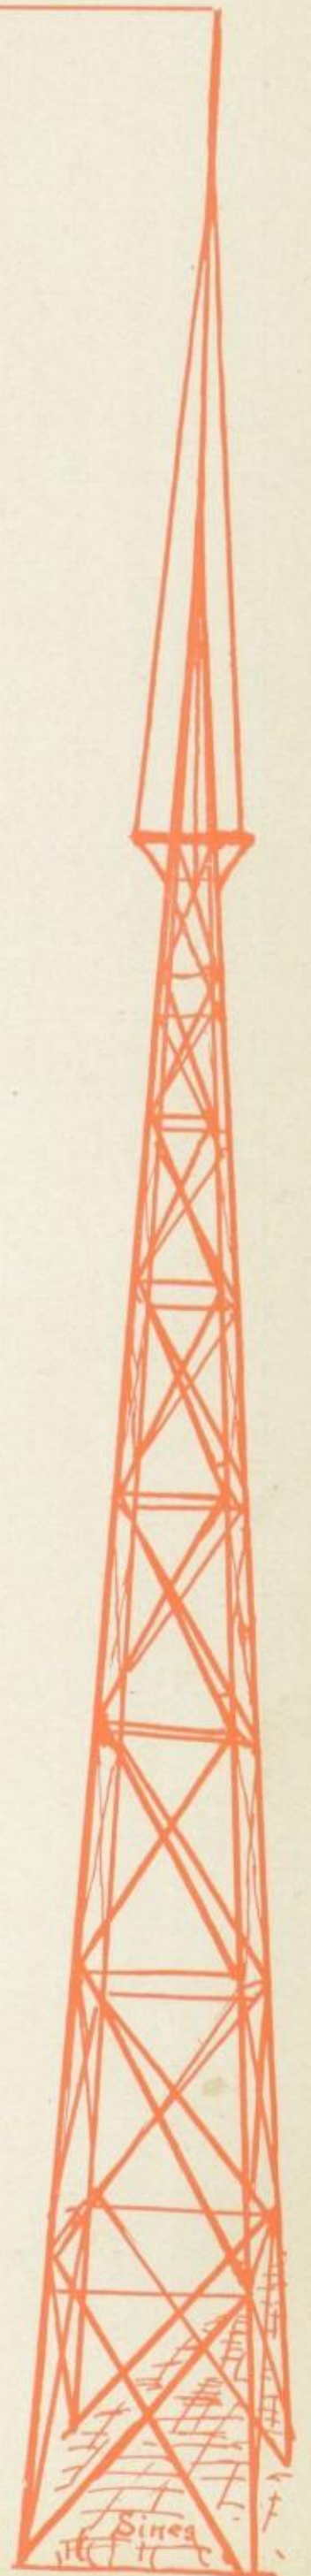

THEME

¶The station, ladies and gentlemen of the radio audience, is B. H. S., broadcasting from its Zeta-Cordia studio, over a wave length of 1932. Your announcer is the student body of Bryan High School.

FACULTY

Beautiful Thoughts constitute a fitting opening to our program. Inspiring poems, words of wisdom, sundry admonitions and precepts, gleanings from experience and study, bits of philosophy---all these fall from the lips of our faculty.

THE FACULTY

The past year has seen many changes, of one sort or another, in the personnel of the Bryan High School faculty. Promotions have brought about two of these changes—Mr. White, formerly principal of the high school, becoming superintendent of schools, and Mr. Scales, formerly coach, advancing to the position of principal. Likewise, two new names, those of Mr. Lathrop and Mr. Geer, have been added to the faculty roster in the departments of mathematics and physical education.

Among the feminine element of the faculty, cupid's darts have been responsible for both new names and faces. Miss Theobald returned to Bryan last fall as Mrs. Parker, having made the matrimonial venture during the summer vacation. In February Miss McKinney resigned to be married, and her place was immediately filled by Miss Kelly.

Old and new teachers alike, however, have entered into their work with zest. They have borne with the monotony of papers and grades, in order to bring about once more the ever-new miracle of vivacious youth growing and developing into noble young manhood and womanhood.

Howdy, radio audience! Are you listening?

The first thing on tonight's entertainment is a program to be given by that so-called most dignified and sophisticated part of Bryan High School—the Senior Class. As you all know, the senior class of any high school is almost without exception referred to—both in complimentary and uncomplimentary ways (the latter, by far the most prevalent)—as being very dignified and “high-hatty.” This senior class, however, desires to refute that theory; hence they have asked me, the Annual, to voice their true sentiments. So let us go into the land of make-believe, and let me be the spirit of their sincere views coming to you through the fairy-like devices embodied in the tubes of your radio.

If Juniors, Sophomores, and Freshmen had the power of mind-reading, they would readily realize that what they have regarded as sophistication and dignity is really a disguise for humanness and youth. They seem to forget that Seniors have a reputation to live up to. Long ago the idea of the rank of Seniors started, and since then there has been so much stress laid on it, that Seniors are afraid to act on a level with so-called underclassmen lest they disgrace themselves and their renowned reputation.

I often think how very pleasant and advantageous it would be if underclassmen and Seniors were enabled to be together more and allowed to become better acquainted. I believe in that way that both would come to understand each other to a greater degree, and would be more friendly and compatible. Mutual friendship would also result in the Underclassmen's dropping their cloaks of sensitiveness and rancor, and in the Seniors laying aside their mantles of disguise, thereby returning to their own natural selves.

For after all, they really are just kids. They are all standing back of me now in a rather awed and stupified silence, behaving in the same way as does a little boy with his first dog, or a little girl with her first doll. However we must not be too hard on them, but must realize that trips to radio stations are still rather uncommon. Now we are going to return to the natural world and see in what duties and activities they have been engaged.

They have indulged heavily in all athletics—football, basketball, and track. They have borne their share of responsibility in Hi-Y, Girl Reserves, Dramatic Club, F. F. A., Twin Arts, and other organizations. They have added their talent to assembly programs, such as those given by the Science, French, and History Departments. They have made their mark in scholarship, too. A goodly number of Senior names has graced the honor roll each six weeks period. Several Seniors

won honors in the State Scholarship test held at Bowling Green last May, and in the College Scholarship test given this year in March. They have sponsored and attended the various high school social affairs. Of these the most important and formal, of course, have been the annual Freshman Receptions and the Junior-Senior Receptions. They have just as joyfully, however, participated in the smaller parties sponsored by the various organizations. So you see they are human!

Now as they leave their Alma Mater it is with the usual mixed feelings of joy and sorrow. They regret to say goodbye to care-free, happy high school days. They grieve to leave behind so many friends with whom they may never again be intimately associated. But they rejoice that they have made these friends, and that they have had the opportunities of education which many are denied. They cannot help but feel a little pride as they realize what they have accomplished. And there is a thrill of anticipation as they make ready to step into a larger world—a world of higher education or business, as the case may be. Life beckons and challenges to still greater attainments, and they long to try its possibilities. May only success—real success—and happiness—true happiness—await them!

Individually, they will now present to you the record of their high school attainments. They ask you to remember that they offer these resumes, not in the spirit of boastfulness, but merely that you may not forget them as days come and go. They dread nothing more than to be forgotten. It is their parting wish that the services they have rendered to Bryan High may live after them, and may be an incentive to still greater endeavor on the part of on-coming classes.

Here they are—the Seniors of 1932!

RADIO CHATTER--MAY, 1937

Walter Harrold announcing from Station BHS. How do you do, everybody! How do you do! Feeling fine this morning? What a surprise I have for you today! Yes, the Magpie every once in a while brings you something nice, doesn't he? Well, he is bringing you extraordinarily pleasant news this time, news even exceeding that of a nice sum of American (or any other) currency inherited from your great aunt. It is perhaps the greatest phenomenon ever heard through radio. The program for today is to be given by members of the 1932 Senior Class of Bryan High School. Please don't expect the impossible, however. It would be little short of marvelous to be able to assemble under one roof all the members of a class which has blessed the world with so many rare and gifted personages. But our endeavor to call back old classmates has met with marked success. A goodly number have been persuaded to return to BHS, and aided by that wonderful mechanism, television, they will today broadcast the results of their rich and varied experiences. I wish to acknowledge, with gratitude, help received from four members of our class, all of whom are very prominent in this part of the country. These four who have lent their financial and moral support in making possible this broadcast are: Everett Oliver, editor of Toledo Blade; Raymond Zimmerman, Lucas County Agent; and Mr. and Mrs. (nee Arlene Ames) Howard Culbertson, wealthy farmers in this vicinity. I wish to add, by the way, that with the proper technique in persuasion they might be induced to say a few words at the end of the program. We'll see. Now since I have apparently exhausted my fountain of opening chatter, let us turn our attention to the program.

8:00—The John Murrays' Orchestra—blame for the plural, of course, falling on the former Celia Black. 'Ta-Tee Ta

8:30—Now to get the kinks out of the old, stiff limbs with Louis Sisco's familiar "Ready begin; 1-2-3-4, 1-2-3-4"

8:45—Yum! Yum! Better listen in, you who are just a little above the "perfect 36." Eunice Schuhmacher will tell you about Health-Giving but Non-Fat-Producing Foods

9:00—Mabel Van Gundy, representing the famous Howard Lawrence Interior Decorating Company (Howard's wife, by the way, is the former Virginia Wells), will present the newest fabrics and draperies for this year. Mist'ers, better hide your check books

9:30—For the next half hour you will have the privilege of hearing Mildred Ragan, well-known Metropolitan Opera star, and Gladys Hineman, who has recently won renown on a Chicago concert stage.

A startling news flash has just come over the wires. The two-year old heir to the N. W. Carroll millions has been kidnapped! The mother, the former Wau-neta Scott, is prostrated. As yet no clues have been found.

10:00—The children of the famous Cecilia Bishop Children's Home will entertain you for the next half hour

10:30—Feeling well? If not, better listen to the following program. Dr. Hathaway, head of the well-known Hathaway Sanitarium, will talk to you on Modern Surgery. It may interest you to know that Helen Mick is his assistant and Cora Isaac, his dietician

10:45—Now, boys, this is your hour. Coach DeGroff of Harvard is going to give you some pointers on how to make your athletic dreams come true.

11:30—"Sho, we'ah heah at las'." Hear that! They've arrived folks—Sambo and Rastus, black-faced comedians of national fame. You, of course, know them as Terence Musser and Kenneth Cotter

11:30—La voici, radio audience. Now for the daily French lesson brought to you by Marjorie Gleason, just returned from study in France

11:45—Shall we see whether the bottom has dropped out of the stock market, and whether it is going to hail, rain, or snow? Harlan Sprow

(ZETA-CORDIA)

12:00—Have you ever heard an organ talk? No? Well, here's your chance. Mildred Oberlin, who has just completed an engagement in Europe, will present a program of request numbers, as well as a few selections of her own composition

12:30—Foreign News. Former classmates, Woodrow Kirby and Henry Wonsetler, just set sail for Europe to run in the Olympic races. Esther Moninger, famed Latin and Greek translator, has returned to Rome for further study. An SOS has just been received from *The Atlantic*, captained by Clarence Zwayer. Other classmates on board are Hostess Mary Repp, and Gwendolyn Apt and Edna Bradford, joint proprietresses of the ship beauty parlor. Carmen Rollins, famed journalist, has just landed in India.

12:45—Secretary of Agriculture, Wayne Bowman, will explain the new agriculture bill just introduced into Congress

Miss Kathryn Wood, Hostess at Canyon Camp, Yellowstone National Park, was attacked by a bear on the way from her cabin to the lodge.

1:00—Now comes the program for the future Broadway stars. Constance Phillips, famous dramatist, is about to talk to you on *Your Stage Personality*.

1:30—Mothers, tune in. Miss Erdine Burgbacher, noted child specialist, will advise you on *Managing the Child With a Temper*

1:45—We are now linked with Hollywood. Girls, here's your chance to look like the movie stars. The Snyder and Ford Ltd., where all the famous ones purchase their clothes, is putting on a style show. Among their models are Winona Lockhart, Lurena Miller, and Hazel Goller

2:45—Doris Lyons, candidate for representative from Ohio, will speak . . .

3:00—The Alden Harvey Orchestra next comes on the air

3:30—A surprise! Margaret Rector, movie star, has been making a tour of the country, accompanied by her secretary, Miss Moog, and by Ruth Kerr, who played in Miss Rector's latest production, *Rose of Picardy*. The two actresses will present a few scenes from this production

4:00—Rah! Rah! Now for the basket ball game between *The Bees*, who are touring the United States, and the Chicago Central High School Girls. The girls playing on the traveling team are Naomi Beamer, Verna Leinard, Helen Hall, Vera Brubaker, and Rebecca Zimmerman

5:00—Next *Twilight Revellers Orchestra* conducted by Rex Fisher. His wife is the former Margie Kirkpatrick

5:30—Please stand by again. Southern California is playing Washington. Three of its players are former Bryanites—Russell Allison, William Fix, and Arthur Miller

6:30—President Benner and his secretary, Miriam Snow, landed today. Ambassador Davidson also came back to native soil. No news heard yet of the Carroll baby. Former classmate, Charles Daniels, now Scotland Yard man, on the case. Paul McKarns has just set a record of 300 miles an hour, at Daytona Beach. His wife is the former Virginia Carlsten.

6:45—Bedtime for the kiddies. Tonight Mildred Schuhmacher is going to tell you about the three bears

7:00—Robert McDonald, noted Chicago Civic Opera star, will thrill you with his rich baritone voice.

7:30—The Jay Shockley orchestra presents as its guest artist, Betty Lewis, well known dancer.

Well, folks, that concludes the program. Just a moment. Yes, they have consented to do it. Mr. Everett Oliver, Mr. and Mrs. Howard Culbertson, and Mr. Raymond Zimmerman will in turn say a few words to you

And now our long looked-for surprise is over. Hasn't it been nice to hear from old friends once more? And don't you wonder what the next five years will bring forth? Here are good wishes for success and happiness to everyone of my classmates. S'long!

Ladies and gentlemen of the radio audience; as you all know, the sponsors of this program have been conducting a nation-wide contest for the best letters from high school students. Here is one we have just received from a third-year student of Bryan High School, Bryan, Ohio. Listen, folks.

"Just one more year and we shall be out of school! How quickly time passes! It doesn't seem possible that only a few short years ago we started to school in the first grade. It was really eleven years ago, but who realizes that those years have gone? Why, it was only yesterday that we were Freshmen and Sophomores!

"They called us 'Green Freshies.' I think we were no 'greener' than the hundreds who have been Freshies before us. We were so young, and really there was quite a change from the grades to high school. "Silly Sophomores" was our next appellation. Truly, we were no 'sillier' than the rest. We merely suffered an affliction common to the age. Next year we will be 'Dignified Seniors.' It will be our last year and we are going to make it greater and better than any before.

"This happy year we are Juniors. We have come to a new dignity and responsibility. No longer underclassmen, we have assumed the role of upperclassmen. And it's such fun being a Junior! Parties, games, jokes, activities, and friends make being a Junior the most fun in the world. Classroom and study add a necessary part to our life. We have begun to be 'in' things. More clubs are open to us, and more of us have joined clubs. We have members on the football and basketball teams, and track squad. Several Juniors took part in the Triangular Literary Contest this year. We have good students represented on the honor roll.

"As a child learns to walk, step by step, so have we sought knowledge. Grade by grade, we have advanced in our education. Our first halting steps are but a memory. Soon this step, the Junior Year, will too be only a recollection. May our last year be full of more happiness and greater success than this year. May we keep our heads up and our shoulders straight.

"Now like a lovely, soft evening cloak about our shoulders falls a new dignity, a dignity received from a new responsibility and a new attitude. So subtly has the change come over us that we have not fully become aware of it. Next year our evening cloak of dignity shall be ermine, a heavier dignity, and we shall wear our ermine mantle proudly."

So ends this letter, and the sponsors of this program sincerely wish the best of luck to those Juniors who will next year be the leaders of their high school. This, ladies and gentlemen, concludes our program for the evening.—R. V. S. '33

Hello, everybody!

All rights are reserved at this time for the *Silly Sophomores* program, put on the air by the courtesy of the Bryan High School.

We hope that this feature will not appear too amateurish in contrast to the songs of praise sung by our upperclassmen. The Sophomore Class furnishes a sort of accompaniment to the part played by the Juniors and Seniors. We are yet in the days of our youth, hanging around the studio, running errands, and filling in vacancies of all sorts. However, we hope that from the Seniors, the stars of the program, we may receive benefit, and that we may grow in culture and learn how to hold the limelight for ourselves in future years.

But if we are prone to consider ourselves unimportant in comparison to the stars, we can receive consolation in realizing how really important the little things are. Can we leave out a link of a chain, a step of a ladder, or a paragraph of a well-planned composition? No. Neither can a high school program do without the part offered by the Sophomores. As everyone must mount, rung by rung, the ladder which leads to glory, we cannot expect to be sitting on top now, in our second year. We remember, too, that those who go by leaps and bounds, and leave out parts of the foundation, often find themselves landing at the bottom in disgrace. So we shall go through all necessary procedure and hope to show results in our finished products.

Perhaps you are curious as to the type of program which the Sophomores are able to present. The program offered this year is little different from that supplied by this division in any other year. Perhaps we seem quite a mediocre lot and not worthy of much commendation; but we must acquaint you with the fact that this class is considered by some to be above the average in intelligence. During the past year, the members of our class have displayed their versatility by assuming many different roles. Some have shown their prowess in the football eleven or the basketball five; others have gained fame through their dramatic attempts; and many of our voices have helped swell the refrain sung by the Chorus and Glee Clubs.

But I must not detain you longer. Allow me to make way for the *Silly Sophomores*. One moment please.

THE FRESHMAN CLASS

OFFICERS

Charles Smith.....*President*
Melvin McNamee.....*Vice President*
Forest Castor.....*Secretary and Treasurer*

It's lullaby time again, boys and girls. Set your radio dial, curl up in a big chair, and listen to the Freshman Class of Bryan High School. Really these very precocious "children" offering this program represent one of the brightest and most active classes that has ever entered Bryan High School. They come from some of the most refined and substantial homes in Bryan and the surrounding community.

This Freshman Class, with its 113 members, is the largest ever enrolled, with the exception of the class of 1924 which boasted a membership of 120.

Because of its superior talent, more is to be expected of this class than of the average. The literary ability of the class is very high, and by the time the pupils reach their senior year they should insure Bryan's winning many of the literary contests. Several members of this class have already shown such marked ability as story tellers (ahem!) that their older friends have foreseen a Sinclair Lewis, a Will Durant, and a Jane Addams.

In drama, too, the Freshmen excel. B. H. S. is very fortunate, indeed, to have found people to carry on the work of Will Rogers and Joe Brown. The trouble is that so much talent exists right in the Freshman Class that we are unable to decide who are the most suitable to carry on these comedians' work. Two Marie Dresslers are seen in the making, though it is probably somewhat early to foresee a Greta Garbo.

The Freshmen of 1932 will possibly go down in history as the only class having elected all male members to class offices. The future political success of the masculine element was prophesied by its adroit parliamentary tactics in electing only selected and slated members. In common with the present-day politicians these males showed their complete heartlessness and sincere ignorance of the rights of the female minority, by not allowing or allotting them to a single office. They also clearly demonstrated the lack of chivalry so marked in this age. If this strong masculine characteristic predominates during their entire high school career, the Freshmen boys should always win their contests, whether in debating or athletics, especially when their opponents are the fairer sex.

If the enviable record of the members of this class to date is any prediction of their future successes in their political, social, athletic, or scholastic activities, their stars of destiny will far outshine those of any other students of this school.

Good night, kiddies! There will be another bedtime story tomorrow.

JUNIOR HIGH SCHOOL

Precisely what constitutes a junior high school is a difficult question to answer. Evidence is strong that in almost scores of cases, the alleged reform school plan has consisted primarily of an altered name. Possibly the departmental organization of subject matter and teaching, possibly promotion by subject, and possibly one or two other desirable, but inconspicuous and not vital, changes have been made; but there is little to show that such schools have modified the purposes, the program of studies, the spirit, the methods, or the internal administration of the older type of school. In short, it seems certain that too many schools are deceiving themselves with names.

The junior high school is the name we have come to associate with new ideas of promotion, new methods of preventing elimination, new devices for moving selected groups through subject matter at different rates, higher compulsory school age, new and thorough analysis of pupil populations, enriched courses, varied curriculum offerings, scientifically directed study practice, new schools for all sorts of educational guidance, new psychological characterizations in approaching the paramount school problem of individual differences, new school year, new school day, new kind of class exercise, new kind of laboratory and library equipment and utilization, and new kinds of ultimate community service.

The Bryan Junior High is a school in which the seventh and eighth grades are segregated in a building (or portion of a building) by themselves, possess an organization and administration of their own that is distinct from the grades above and the grades below, and are taught by a separate corps of teachers.

The purpose of the junior high school is to offer a program of studies which shall be suited to the varying needs of boys and girls in their early adolescence; to take into account the individual differences among boys and girls; to assist boys and girls to develop right attitudes toward life and its problems; to assist them in discovering and developing their natural aptitudes; to guide them carefully by a wise discipline through the trying time when they are passing from the period of control imposed by others to the period of self-control; to take into account their budding idealism and their emerging religious ideals; to give them opportunities for expressing their social instincts in helpful service; to correct physical defects and to build up habits of clean and healthy living; to acquaint boys and girls in an elementary way with the social, the economic, and the political problems which they must soon face in the world outside of school; to inculcate in them, both by theory and by practice, the principles of good citizenship; to induce as many as possible to go on with their education in higher schools; and to give to those who must take up at once the toil of daily bread a good start by way of special, though elementary, vocational training. In brief, the junior high school is to be a friend of the adolescent boy and girl by giving them a full, rich, and joyous life—full, and rich and joyous in the present, and for that very reason, full and rich and joyous in the days and years to come.

The Annual, like many other organs of the school, has had its examination. The opinion of the doctors was that it did not present a true cross-section of school life. They declared that the Annual really had not merited its cost. We do not bother to deny these charges. May posterity do that for us. Intead, we have tried to improve the book in every way possible, and to record within its covers every significant happening of the past year. The Staff believes that the Zeta-Cordia of '32 is a sensational value in a year of great values.

Through the cooperation of the sophomores, freshmen, and the students of Junior High, we are able to present individual pictures of the majority of the students. This is a great step forward in the abolition of magnifying glasses.

Credit should be given where credit is due. Much praise is due Miss Dean, our faculty advisor, for her splendid direction of our own work and the addition of many hours of toil she gave toward the completion of this project. The Senior Staff was most ably assisted by a hard-working and super-intelligent Junior Staff. The advertisers deserve our thanks for helping make the book financially possible. May the finished product help to show the need of future publications.

Good-day, everybody! This is the Spirit of Progress announcing.

The radio, which furnished the theme for this book, has decidedly changed since the day of its invention, and has reached a high state of perfection. Likewise, standards in yearbook work have advanced, and this year the two staffs submit to the students of Bryan High School as complete and well-constructed a Zeta-Cordia as has ever come from the press.

The members of the Senior Staff last year expressed all their hopes and inspirations for the annual they were to publish this year. Now, their chance has come, and they are setting before the public, the Bryan students, a fine annual. The Junior Staff has been busy as a bee helping them. But something is being born from the toil. Out of all the work and strife, there is being bred in them aspirations for a coming annual, the Zeta-Cordia of 1933. This year they have learned the fundamentals of annual publishing; next year they will experience the joys and sorrows of actually producing one.

The Junior Staff highly commends this year's annual; but we wish to remind our radio listeners that there is a worth-while publication to come. The Staff will attempt to make the 1933 yearbook a little better, a little bigger, a little more renowned than any previous Annual.—J. G. '33

Hi-Life has remained on the air from Station B. H. S. for six consecutive years. It has constantly endeavored to fulfill its motto: *A More Glorious Future For Bryan Public Schools*. The paper, published monthly, has featured class news, resumes of athletics and extra-curricular activities, and contributions from Park and Lincoln. It has followed themes naturally suggested by the month of publication; such as, Hallowe'en, Christmas, Washington's Birthday, and April Fool. Hi-Life has published stories and poems contributed by the school's *Lambs*, *Wordsworths*, and *Popes*; and has thereby uncovered some hitherto unknown talent.

The members of the Staff are being rewarded for the hours of labor spent in giving a paper to B. H. S. by silver medals. Without the faithful endeavor of business managers and salesmen, and the support of the student body, these awards would not have been possible. But our greatest recompense has come from the knowledge of work well done.—E. F. M. '32

Hello folks everywhere! The Girl Reserves of B. H. S. have been exceptionally busy this year. Our program has been entitled *The Book of Good Will* and every meeting has been a chapter in this book. We have had several discussions, groups, in which the girls have joined enthusiastically, on such topics as *Occupations*, and *Boy and Girl Relationship*. The opinions and ideas expressed have been very interesting and we hope helpful.

We have given two ceremonials, one in the assembly at Christmas, and the other in the Presbyterian church when the sophomore girls were taken into the club. Twenty-five new girls were admitted, making a total of seventy-seven members. An average of eighty in class work is required for admission.

At Christmas we filled several baskets for poor families in Bryan. Now each girl has a "nut sister," to whom she is trying to be kind and considerate. She sends her cards and other small remembrances. A party at the end of the year will reveal these mysterious friends.

As we sign off, we hope each girl has learned "to find and give the best." Remember, "Once a Girl Reserve, always a Girl Reserve." So long, everybody!

The purpose of the Hi-Y is to create, maintain, and extend throughout the school and community high standards of Christian living. To fulfill this set purpose more fully has been the object of the club this year. Stricter regulations were made, a new system of taking in members was instituted, and a program for the entire year was worked out.

In order that the organization might be more Christian, each member was asked to attend at least two church services a month. Three unexcused absences automatically removed a member.

The system of open membership was used, because it threw open to all who were interested the right to belong to the club. The Hi-Y is not a group of saints, but a number of fellows trying to live better.

Speakers have been on the program about once a month. Business men, ministers, and faculty members spoke on topics related to their particular fields. Other meetings were devoted to Bible study, discussions, business, and social functions.

Delegates from Bryan attended the conference at Dayton and Napoleon. The Older Boys' Conference, held at Bryan on March twenty-ninth, climaxed the events of the year. A large number attended, as the conference included all in the Maumee Valley district, and the Toledo schools. It was the second conference to be held here in two years.

Since the Hi-Y is the only boys' religious organization in school, we feel that its endeavors have been most worth while.—H. B. '32.

STUDENT COUNCIL

Helen Mick	<i>President</i>

Mr. Scales.....	<i>Faculty Advisor</i>

When in the course of human events it becomes necessary for the student body to be ruled with an iron hand, the task of so ruling falls to the student governing body, known in Bryan High School as the Student Council. This organization offers to the student body an element to be proud of: namely, student government.

The purpose of the club is to cooperate with the members of the faculty in answering student questions. The council this year has sponsored assembly programs, class elections, and all-school parties. It apportioned to the various organizations the sale of candy at athletic events, and had charge of the concessions at the Class B Tournament. This year, owing to the economic stress of some of the high school organizations, it has been our policy to help them in a financial way.

The Council does not hold regular weekly meetings, but meetings are called by the president whenever there are any problems requiring action. This year greater endeavor has been made to directly reach all organizations, so the presidents of these organizations are invited to attend all meetings and place before the club any problems they have.

The Student Council has existed in Bryan High for seven years, and each year its hold on the student body increases. We hope that it may always continue to exert an influence for good.—H. C. M. '32

CHORUS

Miss McKinneyDirectress
Miss KellyDirectress
Gladys HinemanPianist

During the first few weeks of school, Miss McKinney issued a call to the students to come to room ten to try out for the Glee Clubs and Chorus. The Chorus is composed of the Boys' and Girls' Glee Clubs plus a few additional members. Due to the fact that the number of members in the Glee Clubs must be limited, the Chorus affords an opportunity for more students to develop their musical tendencies.

Chorus seems to be the foundation for the other musical organizations in high school. It is in the Chorus that an endeavor is made to create in the student a certain interest in the better types of music, and to stimulate that interest by having the pupils sing well-known selections. This year we have sung such pieces as *Venetian Love Song*, *Mah Lindy Lou*, *March of the Wooden Soldiers*, *Gypsy Winds*, and *Nightfall in Granada*.

In March, our new directress, Miss Kelly, began work on the operetta. This is the one public appearance in which the members of the Chorus have a chance to display their ability. The operetta this year is to be *Oh Doctor!*

We combine fun and work in Chorus, but all in all, the members receive an interesting musical training.—M. E. C. '33.

"For the next fifteen minutes you will be entertained by the celebrated Bryan Girls' Glee Club, which, in a recent contest, ranked first among the girls' glee clubs in the United States. Their first number is *The Icicle*.

Can you imagine the remaining students of Bryan High ever hearing such an announcement coming over their radios? Visualize their thoughts as the familiar strains of "Drip, drip, drip," come from the loudspeaker. They would undoubtedly remember the trying days of learning that song.

Now let us think more seriously of the club. Its purpose is mainly to pick out those having some promise of good voices and to give them training which they might never receive otherwise. Likewise, the activities in which the Glee Club engages add to the prestige of the school. The Bryan club has entered in almost all available activities: the Fair (in which it placed first), actual radio broadcasting, and numerous smaller activities within the school itself.

There is a social side to the club. It introduces the shy and bashful to a larger group of friends, and teaches them to mingle with others. Our singing has its faults, and is, of course, not professional; but on the whole it is good: the parts are well-balanced, there is a good range of voices and good expression, and excellent attention is given to the instructor.—*M. G. '32.*

BOYS' GLEE CLUB

Kenneth Bowen	<i>Secretary</i>

The Glee Club is much like any other organization in that it is supposed to create an interest in the things which it is doing. This is primarily what the club is for—to create among high school boys an interest in music.

Before one is permitted to enter the club he must "try out" or sing before the instructor who determines whether or not he is qualified to belong to the organization. These tryouts are held the opening weeks of school and are the source of much fun and sometimes a little embarrassment. Those not gaining admission to the Glee Club are usually allowed membership in the chorus.

The Boys' Glee Club took part in a contest which was held at the County Fair last fall. It won second place, losing by a close decision. The Boys' and Girls' Clubs, together with the Chorus, are staging an operetta in the spring. On April 30 we are to appear before the "mike" at WOWO to do a little broadcasting.

The last of February Miss McKinney, who was our directress, resigned to be married. (Best wishes, Miss McKinney!) Her place was taken by Miss Kelly who is doing admirably well.

The club made its contribution to the Triangular Contest by giving a winner in Robert McDonald. Bob has been doing a considerable amount of singing in the past two years, but he seems to be in his prime this year. Therefore, one can readily see that the Glee Club has been of some value to its members.—R. L. H. '32

Good evening, ladies and gentlemen of the radio audience. We take pleasure in presenting the Bryan High School Orchestra. They will render for your entertainment a program of classical music: *Liebestraum*, *Old Songs*, *Bridal Chorus* from *Lohengrin*, *Moonlight Serenade*, *Cherry Blossoms*, and *Minuet*. This orchestra has been organized to promote among the high school students an interest in instrumental music. To be a member of the orchestra one must know something of music, though he need not be an expert player. The directress patiently endeavors to weld the existing variety of ability and training into a harmonious whole.

Practice has been conducted every Friday morning in room 6. Their only public appearance—aside from this radio broadcast—was made at the Farmers' Institute in February. We hope you may enjoy their program.—M. F. '33

Hello everybody!

The strains of *Anchors Aweigh* bring to you *Robrock's Rhythm Kings*, the official music-makers for the Bryan High School plays and parties. The orchestra is made up mainly of high school boys, under the very able tutelage of Mr. Robrock. This year, it has furnished the music before and between acts of the senior and Mask and Sandal plays; and has played for such parties as the Freshman Reception, Alumni Dance, and Mask and Sandal party. In addition, the boys were asked to play a time or two at banquets given by community organizations.

In March, the orchestra gave the school a surprise by a complete reorganization. Under the direction of Clark Aumend, it became known as the *Ohio Vagabonds*. The new orchestra put on a showy appearance, having modernistic music racks, new drums, and other equipment.

We think that the orchestra is a worth while project, and we hope, ladies and gentlemen, that you will enjoy its music.—K. B. '33.

The outstanding accomplishment of Mask and Sandal for the current school year was the production, before a very appreciative audience, of the three-act farce, *Tons of Money*, in which we tried to uphold the standards of our club and present to the public an example of the work we have learned in Mask and Sandal. The play netted the club slightly over one hundred dollars, which is to be applied on the purchase of a moving picture projector for the school.

At Christmas time, Mask and Sandal gave a one-act playlet in assembly and again at night as a part of the Women's Federation program. The first meeting in February was an open meeting to which the parents of Mask and Sandal members, and the faculty were invited. Another one-act play, *The Obstinate Family*, together with several musical and oratorical selections, was given. The same program was repeated the next morning in assembly, before the student body, by which it was well received.

As often as possible the newest members of the club are used in plays or general programs before the club. The experience gained from playing in Mask and Sandal productions is highly valuable to the individual, as the club has adopted standards of production which it seldom fails to uphold.—W. S. H. '32.

The Debate Club endeavors to build up promising material for future debating squads. Under Mr. Wagner's able leadership, the members are instructed in all the technique of debating—collecting and assorting material, constructing the argument, forceful delivery, and effective rebuttal. Any high school student, interested in debating and public speaking, is eligible for membership in the club.

At the beginning of the year, oratorical selections were given by the members to test their speaking abilities. Similar material was also delivered before faculty critics at the final tryouts for the Triangular Contest.

The objective of each member of the Debate Club is to become a member of the varsity debating squad which represents Bryan High School in the Triangular Literary Contest with Wauseon and Napoleon. The question for the contest debate this year was, *Resolved: that the several states should enact legislation providing for compulsory unemployment insurance.*

At the final debate tryouts, the debate teams were chosen. The affirmative team was composed of Margaret Culbertson, Jane Gebhard, and Nancy Roe as alternate. It debated with Napoleon at Bryan. The negative team, which went to Wauseon, included Helen Mick, Mary Repp, and Virginia Carlsten, alternate. All the members of these teams had had some experience last year, and prepared very forceful debates; but sad to say, both teams lost by a very narrow margin.

After the contest, the Debate Club had practice debates on humorous topics and topics of national and international interest.—*M. I. R.* '32.

The girls of the Home Economics department are really in earnest about the business of home-making. To supplement the work of our classroom and to give opportunity for social contacts, our club has been formed. Cooking, sewing, and interior decoration constitute the major part of our work.

If you don't believe that the girls of the club can sew, just ask the track boys and see what they say. At the Ohio State Junior Fair our window decoration won ninth prize among a goodly number of entries. This year we have outfitted the teachers' rest room with curtains and chair-pads. In addition, we planned and made curtains for the Home Ec rooms.

Before Valentine's Day, we planned, prepared, and served a three course dinner with our mothers as guests. As only five of the mothers took advantage of the opportunity to enjoy their daughters' cooking, we invited a couple of teachers to complete our dinner party.

Several social affairs have been enjoyed, among them a pot luck supper, and a kid party. We are planning a hike and a party for the eighth grade as the main features for the remainder of our year's program.

The permanent results of our Home Ec work will be manifest as we use in our own homes the training we have received in Bryan High.—M. L. '34.

The purpose of the F. F. A. organization is to promote vocational education in agriculture in the public schools; to create more interest in the intelligent choice of farming as an occupation; to create and develop a love for country life; to encourage cooperative effort; to strengthen the confidence of the farm boy in himself and his work.

Individual attainments constitute the basis for advancement from rank to rank in an F. F. A. chapter. Class work of high order, successful handling of project work, evidence of thrift, and a practical demonstration of leadership among one's fellowmen are the passports to the higher degrees of the organization.

The accomplishments of the club have been varied. This year we have organized a cow-testing association with sixty cows on test. Community welfare has been promoted through Farmers' Institute programs; and also through contested sparrow and mice hunts, which were conducted with great success.

The long-time program of work adopted by the chapter is as follows: promotion of social and recreational activities in the community; dairy improvement by testing, feeding, weeding, breeding, and marketing; soil improvement through growing of legumes, use of fertilizers, limestone, and manures.—*W. I wish to make an announcement concerning the Twin Arts Club, a commercial organization which is now in its third year. All seniors in the senior shorthand and typewriting classes are members. Juniors in the junior shorthand class, with an average of ninety per cent in class work, were taken in at the December meeting.

Our meetings, held on alternate Monday nights, are not for work alone, but minister to the social side as well. We have songs, guessing games, and at the Christmas meeting, we had a party. Several graduates have spoken to us about their experiences in the business world, and have given us some useful pointers. A banquet and an assembly program are annual features of the club program.

Once a month, we have dictation to try out for the O. G. A. (Order of Gregg Artists). This honor is awarded to those who have the best shorthand. Several of the girls have won pins and certificates. Those passing the 60, 80 or 100 word dictation receive certificates for the rate which they passed.

The Twin Arts Club makes it possible, financially, for the commercial students to enter in the bookkeeping, shorthand, and typewriting contests held in this section every spring. I feel sure that the members enjoy the club, because of the benefits they receive from it, both socially and educationally.—K. W. '32.

The Latin students have convened only twice this year, due to failure to properly organize last spring; but the officers are planning three more meetings before the end of the year. The purpose of the club is to give a clearer knowledge of Roman customs. Usually some festival is the basis of the entertainment.

At our first meeting, our sophomore slaves were initiated into the club. It seems hard for them to appreciate the real value of Latin, but the club hopes to make Roman life more meaningful. At our second meeting officers were elected, and the old Roman festivals of the *Lupercalia* and *Parentalia* were celebrated.

The last meeting, which is to be held in May, is for the purpose of taking in the freshmen, the sophomores-to-be. The main feature is to be a banquet at which the newcomers will be the slaves. The old members will be the ones who will recline on couches and be waited on hand and foot. This will exemplify to the new members what elaborate and detailed meals the upper class of Romans sponsored.

Then the club will educate the new members, who seem to be most apt, as to the value and worth of Latin. Thus the cycle of the Latin Club will go on year after year, proclaiming to Bryan High School the far-reaching effect of Latin.

COACH LATHROP

Arthur Lathrop, a star tackle at Illinois Wesleyan University, was chosen to succeed Coach Scales who was selected to fill Mr. White's position as principal of the High School. Coach Lathrop captained at Illinois Wesleyan University in his senior year. He was an all-conference tackle in his junior and senior years. He coached one year at Illinois, and then returned to Illinois Wesleyan where he acted as assistant line coach one year. On coming to Bryan he continued with the double wing back system of offense which gave Bryan 7 victories out of 10 starts.

FOOTBALL

The football season opened with a bright prospect for another successful year, but injuries hit the team so that the full strength was never used. The club still had enough fight to win seven out of ten games, losing only to Waite (Toledo champions), Defiance (League winners) and Napoleon. Miller's injuries kept him out of almost all games, although Isaac's work in Miller's place was exceptionally good. Hardy and Wonsetler were the outstanding backfield men, and Captain Fix, at center, was the bright spot in the line.

Coach Lathrop and Coach Geer should be given much credit for the way that they handled the team. Lathrop followed the formation that Scales used last year, a double wing back formation.

Prospects are very bright for next year, with a promising group of freshmen and sophomores coming up to take the places of those who graduate this spring. Some of the subs who deserve part credit for the season's victories are: Castor, Young, Kerr, Bard, Blair, and "Grange" Newcomer. Dodds Brown, a very promising line candidate, received a broken ankle which kept him out of all the games; but much is expected of him next year.

GAMES

September 18, 1931

Bryan 53—Edon 0

The Golden Bears met and defeated Edon, 53 to 0, in the first game of the season. It was the first game under the new coaches, Lathrop and Geer. The work of Hardy was outstanding.

September 25, 1931

Bryan 0—Waite 37

Bryan, playing its first night game, was defeated by Toledo Waite, 37 to 0. As the field was very wet and muddy, playing was hard. Miller, Fix, and Weaver played exceptionally well.

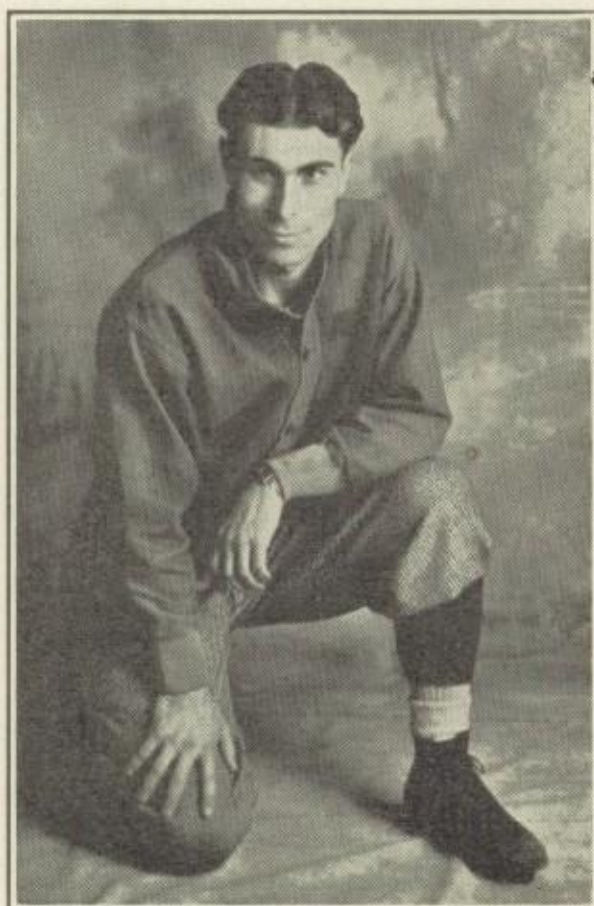

October 2, 1931

Bryan 32—Wapakoneta 7

Bryan met a new opponent in Wapakoneta, but easily defeated her 32 to 7. Since the day was extremely warm, the players found the game tough going. Wonsetler and Hardy played outstanding ball for the Bears.

COACH GEER

Lloyd E. Geer replaced Coach Scales as basketball mentor. Coach Geer was graduated at Defiance College in 1931. While there, he was considered one of the best all-time basketball players of the school. His team at Bryan was small and inexperienced, the greater part of last year's stars having graduated. One of the greatest comebacks of any team was made in the second game of the sectional tourney at Defiance when, trailing 15-3 with three and one-half minutes to play, the Bears began hitting the basket; and scoring six baskets in rapid fire succession, tied the score.

October 9, 1931

Stryker was met and conquered by the score of 34 to 0. Hathaway's and Hardy's running was the biggest asset Bryan had.

Bryan 34—Stryker 0

October 16, 1931

Bryan's first league opponent was Wauseon. Bryan won 25 to 6. The team showed a lot of fight in doing so. The work of Isaac, Creek, and Miller, was the best for Bryan.

Bryan 25—Wauseon 6

October 30, 1931

The Bears, playing on the well-sanded field of Liberty Center, finally came through with a victory, by 8 points. This was the first time Bryan beat Liberty Center on Liberty's field. Isaac, Robinson, and Davidson were Bryan's shining lights.

Bryan 8—Liberty Center 0

November 11, 1931

Bryan's unlucky day! Results: game was lost, 14 to 0. Miller received a broken ankle. This was Bryan's first league defeat in two years. Davidson and Murray played well for Bryan.

Bryan 0—Defiance 14

November 14, 1931

Bryan's bitter rival, Montpelier, was overwhelmed by a 30 to 0 count. Due to snappy playing by two linemen, Capt. Fix and Weaver, Bryan was able to score so many points.

Bryan 31—Montpelier 0

November 20, 1931

Hicksville was next in line for Bryan. They were beaten 32 to 7. Beamer, Daniels, and Hardy were Bryan's most aggressive players.

Bryan 32—Hicksville 7

November 26, 1931

Turkey day game with Napoleon! Big upset (for Bryan)—a 7 to 0 defeat by the underdogs of the league! The following senior boys played their last game for Bryan: Capt. Fix, Allison, Daniels, Kirby, Davidson, Hathaway, Wonsetler, and Miller.

Rusty has the reputation among his teammates of being the hardest worker on the squad. His energy was not wasted. His work at defensive full revealed liking for the game. His accurate blocking of the opposing tackles made it possible for our backs to go places. He and his inspirational work will be missed.

WILLIAM FIX—*Senior*

Center

Shifted from guard to center, Bill soon became adapted to the new position. He was a tower on defense and could always be depended upon to handle his man on offense. While acting captain, he displayed good judgment and courageous leadership.

HENRY WONSETLER—*Senior*

Half

Hank's deadly tackling at defensive end was surpassed only by his thrilling, twisting, squirming, runs from reverse plays. Ask "Wapak" and Hicksville. Unfortunately injuries kept Hank out of some important games. Had he been in top form against Defiance they too might be singing his praises.

RICHARD HATHAWAY—*Senior*

Quarter

Playing every minute of every game and calling signals most of the time, Dick was indeed valuable to the team, a true Bear of the Golden type. His blocking was unerring, and his work on forward pass defense commendable. When the other backs were under cover or needed rest, Dick could "pack the apple," or slip into the open for a pass. His generalship will be missed.

Johnny was the victim of hard luck and injuries. Perhaps it was our tough luck, too. He saw service in only four games, but did yeomen service then. Against Waite, his returning of kicks was spectacular. With the team inspired by his presence and giving him the best of support, he turned in the best individual performance of the year against Wauseon. He scored three touchdowns to give us the sweetest victory of the year. With his broken ankle in the Defiance game, we lost the services of an excellent passer and kicker.

CHARLES DANIELS—*Senior*

Tackle

Daniels was especially adept at rushing the opponent's passer. His fast charges on defense kept the opponents guessing. Playing consistent ball his efforts might be overlooked by the spectator but not by his teammates.

WILSON HARDY—*Junior*

Half and Fullback

Shifted from Half to Full when the occasion demanded it, Hardy became the backbone of our offense. His consistent kicking and passing made him a real triple threat. His speed, drive and elusiveness made him feared by opponents. He ran wild against Stryker, Montpelier, and Hicksville. In a steady role we expect great things of him next year.

CHARLES ISAAC—*Junior*

Half

Charlie developed from an utility back to a most dependable regular and a consistent ground gainer. His sincere effort coupled with uncanny ability to follow interference, made him dangerous. Probably no opponent was ever tackled by a lighter man who felt heavier. The run against Liberty Center relieved a tense situation. He was also outstanding against Montpelier. If Charlie continues to improve he will do much to uphold the reputation of the Golden Bears next year.

CHARLES WEAVER—*Sophomore*

Guard

An unheralded hero of the line, Chuck was the find of the season and one who showed plenty of action without words; a rugged, aggressive guard, a hard tackler. With added weight and experience he should help a great deal.

JOHN CREEK—*Junior*

Tackle

Creek's size helped him much. When irritated in the proper manner he moved his 200 pounds of bone and muscle in a manner annoying to the opponents. With his developing physique he has wonderful possibilities. Let's go, Johnny, and connect next year.

CARSON BEAMER—*Junior*

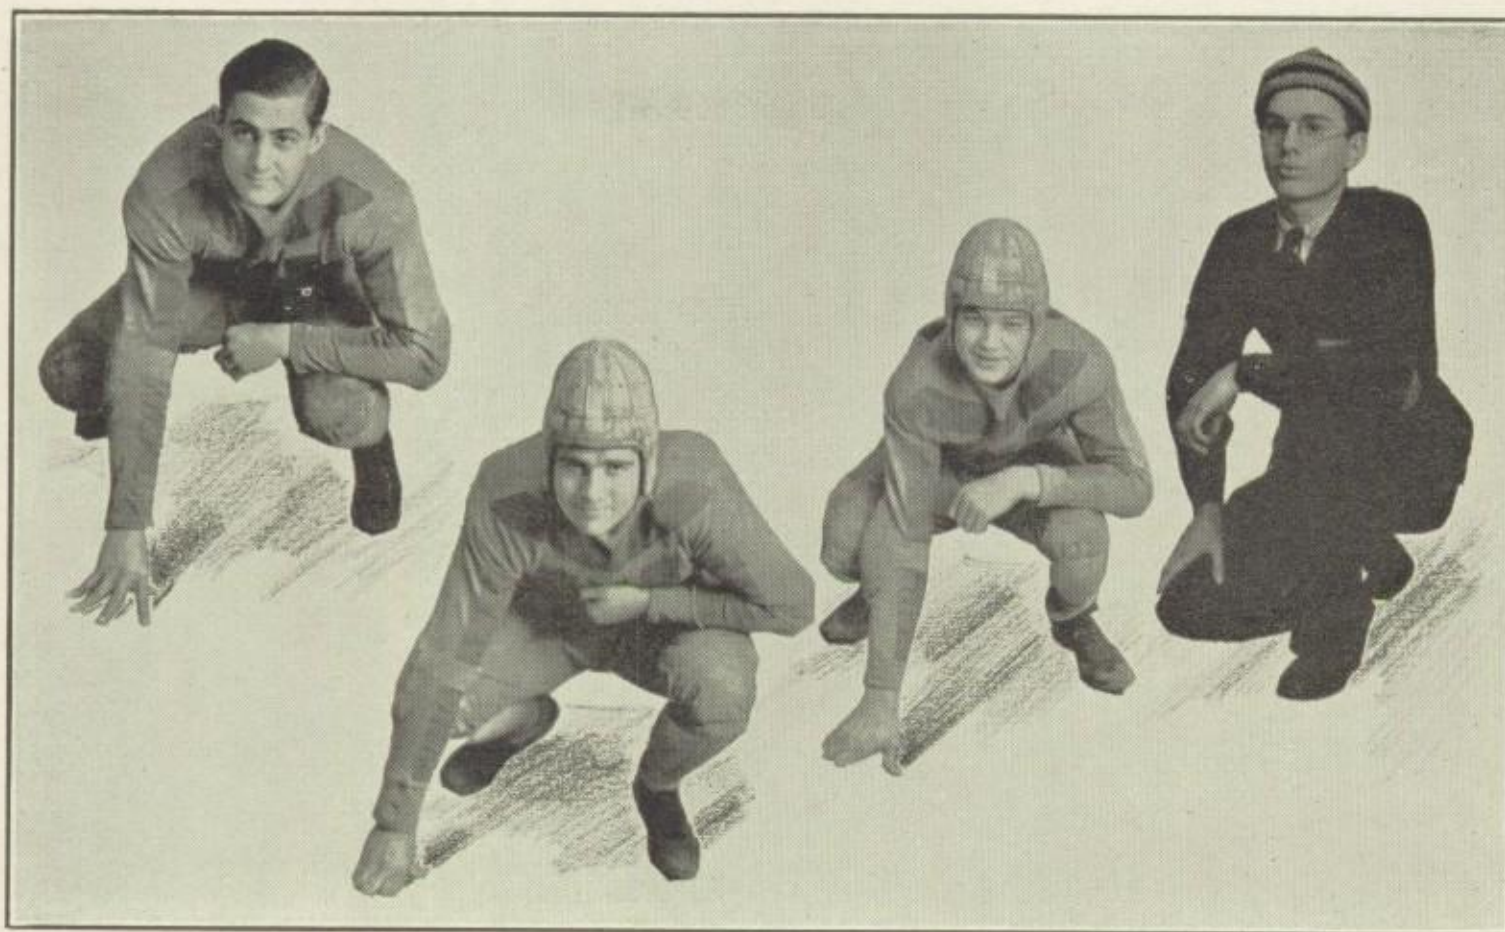

Guard

Corny was developed into a guard and proved capable of leading the interference from that position. With conscientious effort to improve his tackling and blocking, he should become a decided asset.

ALVIN MURRAY—*Junior*

End

Murky was light, but fast. Although handicapped by lack of experience, he improved greatly. His speed made him a valuable man in the interference on reverse plays. We are depending upon him for next year.

KIRBY

DAVIDSON

ROBINSON

WILHELM

The following men were given honorary major awards:

FRANK DAVIDSON—*Senior*

Tackle

Dave came to us in h's senior year without experience. His natural fight and spirit aided him much, and with more experience he would have become an excellent tackle. His aggressive tackling in the Liberty Center and Defiance games was encouraging.

WOODROW KIRBY—*Senior*

Guard

Kirby held down a regular berth in the early games and saw considerable action all season. He gave the necessary competition for those trying to earn a position, and that is big help to any team.

RICHARD ROBINSON—*Freshman*

Back

Dick was a reserve back and substituted frequently at end. He showed promise of developing into a good defensive man and capable ball-carrier. For his services he was given a minor honorary award.

PAUL WILHELM—*Junior*

Manager

Paul deserves much credit for the efficient manner in which he handled the innumerable and not always enjoyable duties of a manager.

Starting the season with only three letter men, and those men reserves from last year, the Bryan Bears were slow in getting under way. Throughout the entire season they continually played teams with superior height and weight. They finished only fifth in the League race, yet they struck fear into the hearts of the other teams in the League. They dropped five games by two points and another by one point. The outstanding games were the Defiance and Wauseon games on the Bryan floor, the Montpelier and Wauseon games in the Defiance Tournament.

Lack of experience was directly responsible for the loss of some of the early games, but the team played smoothly and hard enough at times. The fellows worked together for the common good of the team and school; their sportsmanship and clean playing predominated—"One for all and all for one."

THE TEAM

ALLISON—*Senior*

Forward

With that indomitable fight and "never say die" spirit, Rusty was out there battling all the time. He was a hard fighter and a conscientious worker.

FIX—*Senior*

Guard

A cool, deliberate player who stood the ravages of the evening's offense, Bill took lots of punishment during the season, but always came up fighting.

WONSETLER—*Senior*

Forward

Hank's defensive work might well have classed him as a guard. His man had a hard time fooling him. He was very shifty and fast and had lots of drive.

CARROLL—*Senior*

Center

More previous experience would have helped Norm considerably this year. While not as consistent as some of the others, he was in there trying all the time.

DeGROFF—*Senior*

Guard

While not playing in many games, Maury's scrap and determination were a bright light in his playing.

HARDY—*Junior*

Guard

Hardy was a valuable team man. His speed and accurate basket eye made him a very dangerous offensive threat. He was a hard and willing worker.

SLOUGH—*Junior*

Forward

As the smallest man on the squad, Whitey had a good eye for the basket. With the experience gained this year he should be of value next year.

BROWN—*Junior*

Guard

Handicapped by a football injury, Dodds never hit his full stride. He was fast, faked well, and had a good basket eye.

HEALD—*Sophomore*

Guard

Denny improved as the season progressed. His defensive work was good and his aggressiveness and vocal outbursts worried many opponents.

HARMON—*Sophomore*

Forward

Though Denny did not play in many games this year, he took on some smoothness and polish. With more aggressiveness and speed added to his height, he ought to come thru next year.

SPROW—*Freshman*

Manager

Bob was very efficient in taking care of the equipment, and in checking shots during the game. He works conscientiously and for the best interests of the team, notwithstanding the fact that he is only a freshman.

The Bryan High School Reserves completed another basket ball season by winning six out of fifteen games. This, however, is not so bad as the score indicates, for several of the games were lost by close margins. Credit for developing the team should be given Coach Lathrop. Mr. Lathrop spent much time with the team and taught them many new things about basketball. The fellows took an hour after school every night during which they devoted themselves entirely to basketball. They all cooperated with their coach and were always willing to do anything to benefit the team. Although the work was hard, and perhaps tiresome at times, I am sure the fellows and the coach all enjoyed themselves. There will be five vacant places on the varsity next year. It will be the duty of the reserve team to fill these positions.

THE TEAM

ROBINSON—*Freshman*

Center

Although handicapped somewhat by his eyesight, our bespectacled freshman showed natural ability and considerable promise of development. His basket in the Liberty Center game helped a lot.

CROMWELL—*Junior*

Forward

His keen eye for the basket and work on the free throw lanes made "Less" a valuable asset. With added aggressiveness and the needed determination he can't be kept off the Varsity next year.

BOWEN—*Junior*

Forward

Kenny worked in nicely at the beginning and at the end of the season. He has the spirit to improve.

CASTOR—*Freshman*

Forward

"Art" was rugged and always ready for work. As a freshman he has a promising future if he acquires the desired polishing.

MURRAY—*Junior*

Guard

"Murky" played consistent ball. His ball handling as floor guard improved until he worked into the offense nicely. His basket with fractions of a second to go in the Liberty Center game will be remembered.

GOTSHALL—*Junior*

Guard

"Gotty" was our mainstay on defense. His gaining possession of the ball on rebounds was outstanding. His footwork needs improvement.

BEAMER—*Junior*

Guard

A good ball handler and fair shot, Beamer was always ready for service. He will be heard from next year.

STINE—*Sophomore*

Forward

"Bill" follows the game closely; he will develop into a heady player.

SHURLOW—*Junior*

Guard

Handicapped by an injured ankle from last year, Junior tried courageously to overcome his weak points.

VINCENT—*Junior*

Guard

Elmer was with us only the last part of the season. He is inexperienced but willing.

The Bryan High School girls completed a very successful season by winning ten out of eleven games. They won all their league games, losing only to West Unity in the first game of the season. This is a very good record. Coach Helen Parker should receive a considerable share of the credit for developing the team. Although she had good material to work with, she succeeded in adding the final touch to make the team successful. The rest of the credit for having a successful team should be given to the players themselves. Every night after school the girls put in an hour of hard work—absorbing basketball. Although the practices were strenuous, I am sure the girls enjoyed themselves.

Credit should be given to the subs. Although they failed to get in many of the games, they were very helpful during the practices. There will be only one regular back next year, hence the subs will have a chance to replace those who have graduated.

THE TEAM

NAOMI BEAMER—*Senior*

Captain—Right Guard

Beamer was a member of the squad four years. She was one of the most dependable players on the team, and she could be counted on to give her very best every minute of the game. She handled the ball exceedingly well and had the real "basket-ball sense."

REBECCA ZIMMERMAN—*Senior*

Left Guard

Becky was Beamer's right hand man. Her place will be difficult to fill next year. Did you ever notice her pivoting? Few girls do it better.

VERA BRUBAKER—*Senior*

Jumping Center

Vera improved very much in her game as jumping center this year. Not very many teams gained the "tip-off" from us with our Vera at work in center field.

HELEN HALL—*Senior*

Running Center

Helen was our little fighter. Her pep never left her at any minute during a game. Her spirit and speed were assets to the team.

MARGIE KIRKPATRICK—*Senior*

Left Forward

Midge was another speedy player who came to us from Ney in her senior year. She and Verna had almost perfect team work in the forward field. When Midge was "on her shots"—woe be to the opposing team! Midge had the reputation of being one of the coolest players on the girls' varsity.

VERNA LEINARD—*Senior*

Right Forward

Verna was unable to come out for basketball last year because of ill health, but she was back again this year with renewed pep. One long dribble and Verna was under the basket making two more points to add to the score. Verna always gave her best in a game, and no more can be said of any player.

BILLIE KNAPP—*Junior*

Guard and Center

Billie played in several games at guard and center position. She is a good fighter and is classed under our list of cool-headed players.

MARGUERITE McKARNS—*Sophomore*

Guard

Marguerite is a strong guard. With more practice and experience she should be a valuable member of the squad.

GOLDIE PORTER—*Sophomore*

Running Center

Goldie had plenty of pep and speed, along with her indomitable fighting spirit.

ATHALONE STREIGHT—*Freshman*

Forward

Athalone was only a freshman this year. By the end of four years she should be a champion forward.

HELEN STRUBLE—*Freshman*

Center and Guard

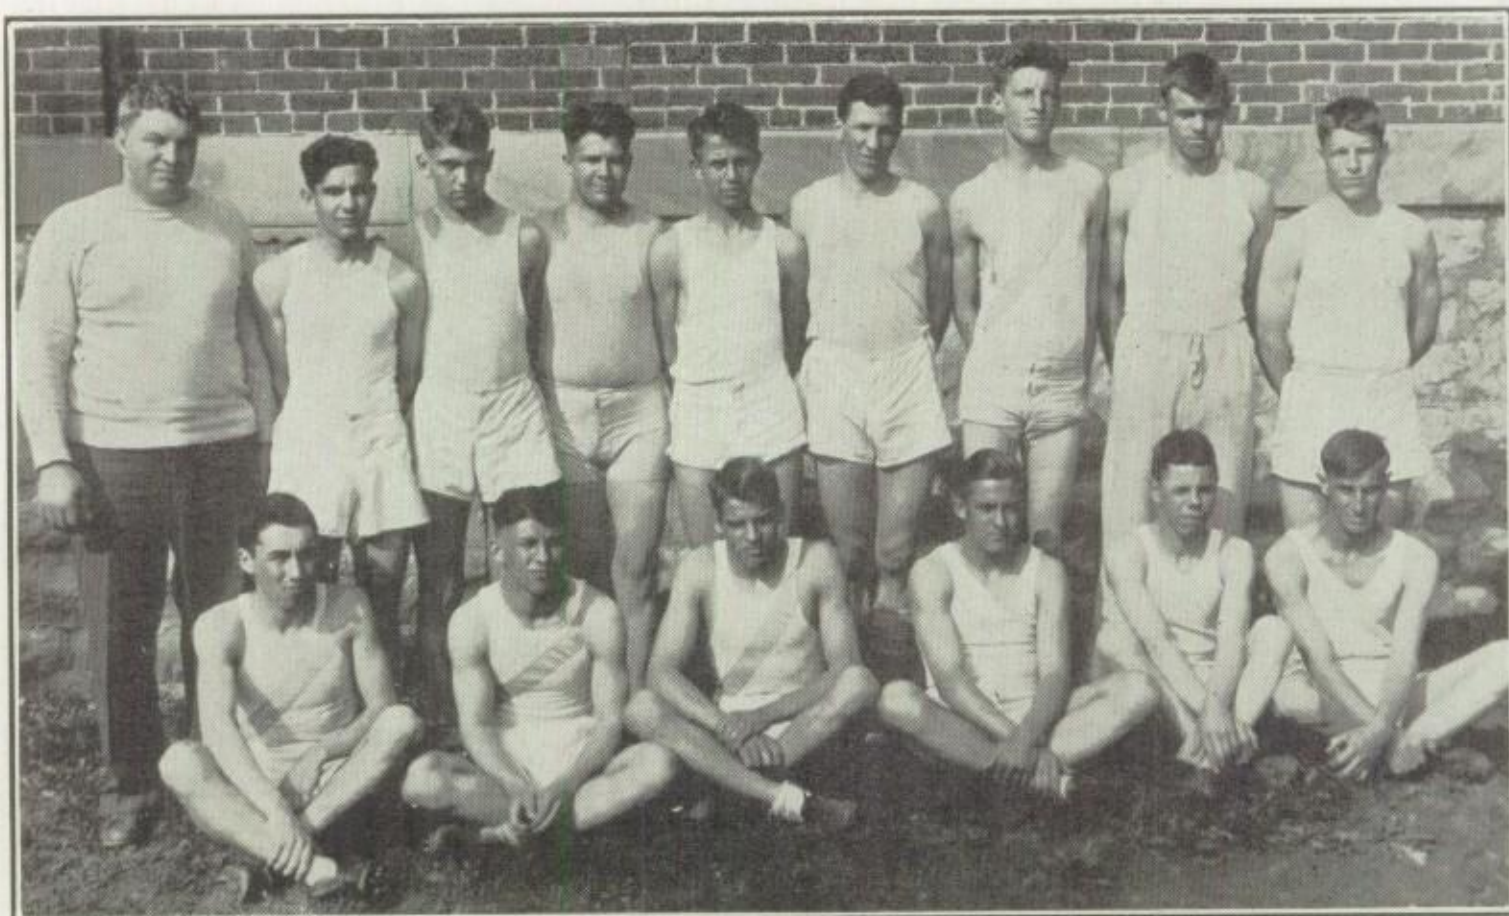

Helen is not so tall, but her jumping reminds us of "Moore-Boy." She also is just a freshman this year.

DOROTHY BEAMER—*Sophomore*

Manager

Dorothy was the faithful manager of the girls' basket ball team. She had the thankless job of collecting basket balls and sweat shirts thrown hither and yon before and after an exciting game.

Bryan's Golden Bears rose to great heights in track during the 1931 season. Since the construction of the new track, Bryan's track teams have been constantly improving until this year they reached the goal for which they have been striving—an undefeated team in Northwestern Ohio. Only the state meet stood between the Bears and an absolutely clean record. Led by Hardy in the pole vault, Hathaway and Wonsetler in the hurdles, Miller and Aumend in the jumps, the purple and gold floated to victory in five straight meets. A summary of the season shows six beautiful trophies gracing the case as a result of the hard work and conscientious efforts of the track men.

Only Miller, Hughes, Stubby McKarns and Aumend are lost by graduation so the Bears should again flaunt the purple and gold before their hopeful rivals of 1932.

MEETS

Interclass Meet—The opening meet of the year was the interclass affair which was easily won by the Juniors.

Triangular Meet—The first interscholastic meet was the triangular at Bryan with Napoleon and Wauseon. The score was very much in favor of the Bears.

Defiance College Relays—Wonsetler's first in the low hurdles was the only first place taken by Bryan; but the Bears gleaned seconds and thirds galore to take the class B championship and a beautiful trophy.

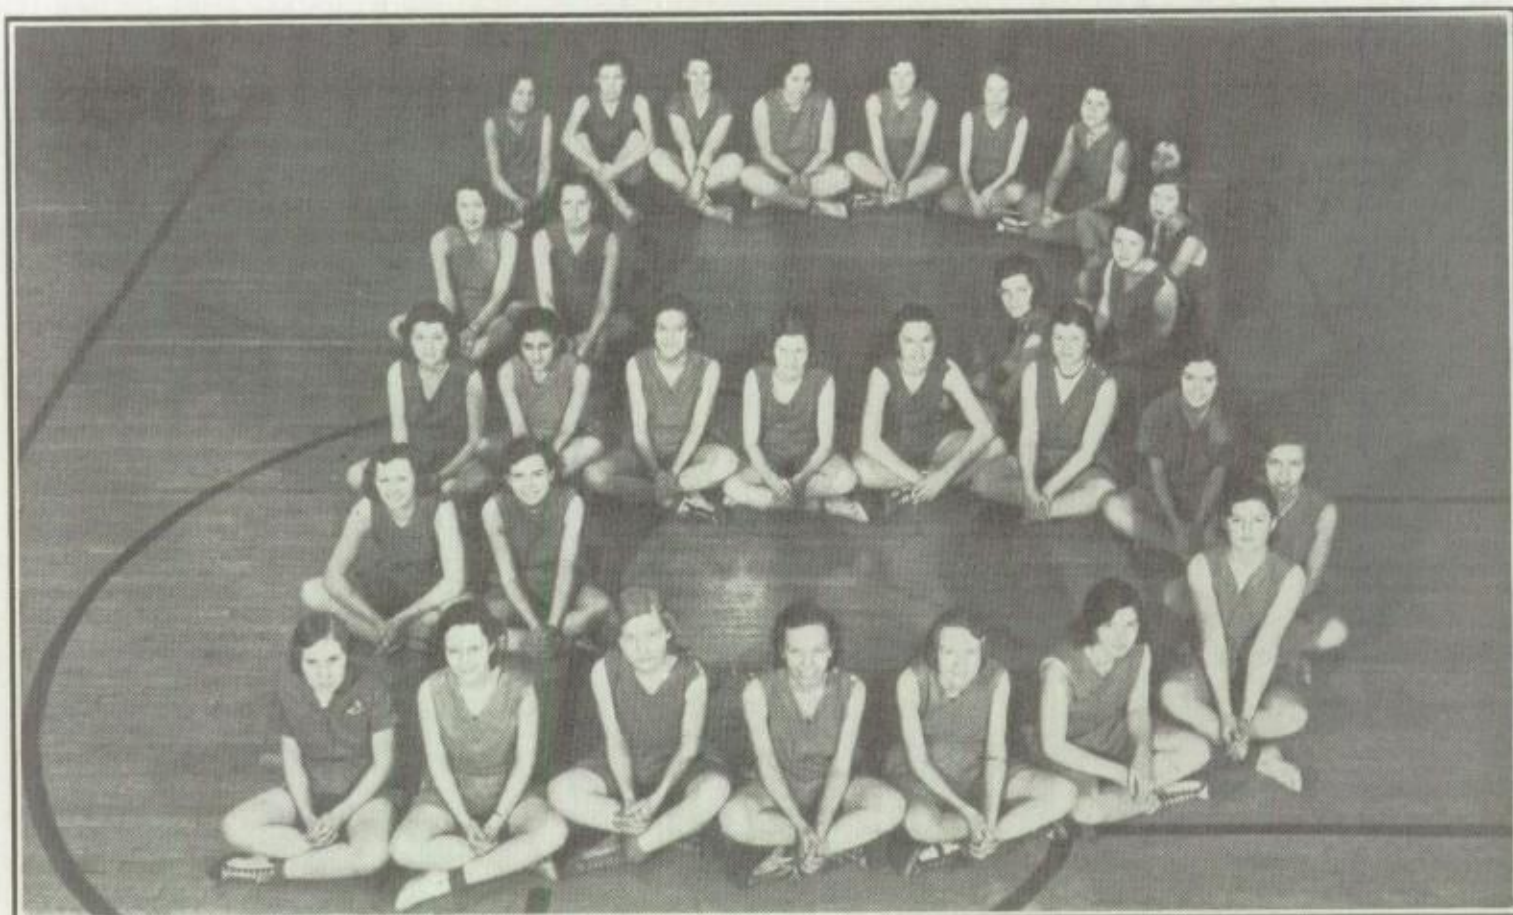

Dual Meet at Montpelier—The dual meet with Montpelier, our traditional rival, was a walk away for the Bears. Scoring more than two to one, the boys sprinted, hurdled and jumped to an easy victory.

N. W. O. H. S. L. Meet at Napoleon—The Golden Bears topped the conference teams in the meet and set two new records—both relays. The half mile relay team set a new conference record, and ran better than a second faster than the state record. The team consisted of McKarns, Aumend, Kirby, and Wonsetler. In the mile relay, DeGroff, Miller, Beamer, and Kirby finished far ahead of the field in record-breaking time. Wonsetler's individual work was outstanding in almost equalling the conference record in the low hurdles, winning second in the 220 yard dash and bringing home the baton in the record breaking half-mile relay. Napoleon and Wauseon fought a battle for second place in total points, with Napoleon edging out the red birds by a mere fraction of a point. Hughes' work in winning the javelin was unexpected. Hardy won his third straight victory in the pole vault.

District Meet at Toledo—In the Northwest District meet the purple and gold left the choice of Northwestern Ohio far behind. Wonsetler received a tough break in the hurdles and was given fifth. The half mile relay team was disqualified after having run a brilliant race. Hathaway helped to overcome these breaks by crashing thru with a brilliant win in the high hurdles. Hardy won the pole vault. The Bears mile relay team won quite easily from Port Clinton who finished second.

State Meet at Columbus—Our half-mile relay team was not permitted to run on account of disqualification in the district. However Bryan finished sixth in a field where athletes from 148 schools competed. Hardy pushed the Dayton Oakwood vaulter to eleven feet four inches to win second. Wonsetler placed third in the low hurdles.

GIRLS' GYM

Girls' physical education classes followed a slightly different schedule this year. There were three weeks of clogging, during which the girls learned the Old Man Dance, Lil Liza Jane, and Dixie. Relays of all kinds had an important place in the program. Running relays, such as the Over and Under Relay, Carry Across Relay, Basketball Pursuit Relay, Cavalry Race, and Chariot Race, afforded plenty of exercise. There were other relays that required some skill; such as the Novelty Walk, Chicken Walk, Caterpillar Walk, Lamé Dog Walk, Leap Frog Relay, and the Elephant Walk. Exercises were worked into the schedule frequently. They were usually followed by a week of extreme stiffness, much to the girls' dismay. The main ball games played this year were Basketball, Volley Ball, Indoor Baseball, Kick Base, Hit Pin Baseball, Dodge Ball, and Field Ball. Early in the fall, the gym classes had several hikes. They were taken during the physical education class periods, after school hours, or early in the morning in the form of breakfast hikes. The girls had inter-class basketball this year. They had their practice games on Saturday afternoons. This proved to be a rather inconvenient time for many of the players, but they managed to take part nevertheless. The tournament played the latter part of March was won by the Juniors.

He received a gold basket ball for his work. "Whitey" went to Findlay where he placed 4th, making 37 out of 45 shots. The winner caged 39 out of 45.

Bryan Contest—A local foul-shooting contest, open to all high school boys, was sponsored by Mr. Geer, basket ball coach. This was the first contest of the sort ever staged in Bryan. Eighty-one boys entered. Dodds Brown proved himself the champion. Brown beat Slough in the finals, caging 42 out of 50 tries, while Slough made 32 successful throws out of 50.

TENNIS---1932

In May, 1931, Bryan High sent two representatives to Toledo Scott High, to enter the district tennis tournament. They were Roger Ames and Norman Carroll. Ames advanced to the semi-finals where he was beaten by Wertz, tournament winner. Carroll was eliminated in the first match, as was the double team consisting of Ames and Carroll.

SCHOLARSHIP STATE SCHOLARSHIP CONTEST

On May 2, 1931, the State Department of Education sponsored a statewide scholarship test in English I, II, III, IV; Algebra I; Plane Geometry; Latin I, II; French I, II; American History; World History; General Science; Physics; and Biology. Two students competed in each subject. Bryan sent a full team of thirty students to Bowling Green State Normal where the tests were given in this district. The results were most gratifying. Bryan ranked first in the Bowling Green district among the schools in the exempted village classification (population of 3000 to 5000), and sixth in the state. The following students received awards:

In District—Irene Leininger 1st English I; Vivian Allion 2nd, English I; Rosemary Schatzer 3rd, English II; Betty Bowen 3rd, English IV; Anna Bishop (tied) 3rd, Algebra I; Bernice Gunn 4th, Latin I; Margaret Culbertson 2nd, Latin II; Walter Harrold 6th, French I; Elizabeth Luxan 1st, French II; Ruby Shaffer 2nd, French II; Herbert Benner 2nd, Amer. QUIZ BOOK CONTEST

The Anti-Saloon League of Ohio sponsored a study and quiz contest on the constitution and its relation to prohibition. As a basis for study, a Quiz Book, published by the League was used. At a specified time, the members of the study group took a local test. The boy and the girl ranking highest then competed in a county contest. The boy and the girl scoring highest here were awarded a week's trip to Washington.

The Quiz Book Club was organized at Bryan High School with the following members: Frances Batterson, Margaret Culbertson, Frank Davidson, Rex Fisher, Billie Knapp, Mary Repp, Jay Shockley, Mary Elizabeth Smith, and Miriam Snow.

In the local test, Miriam made the highest score for the girls, and Rex for the boys. On December 19, the county contest was held. In this Miriam was high for the girls, and Robert Lautzenheiser of Edon for the boys. Hence Miriam was the Bryan representative on the Washington trip. She later reciprocated by giving a very interesting account of her trip to the entire student body in assembly.

COMMERCIAL AWARDS

The commercial department has received four times as many awards this year as last. The Gregg Writer, a magazine for shorthand and typewriting students, gives these awards. These fourteen girls have won certificates of membership to the Order of Gregg Artists, a national commercial organization:

Gwendolyn Apt, Virginia Cameron, Cleo Fix, Marjorie Gleason, Gladys Hineman, Lenore Hoffman, Helen Lirot, Fern Moog, Alberta Parnham, Lucile Salsbury, Rosemary Schatzer, Esther Sullins, Charlene Wonsetler, Betty Young.

Another certificate is given to the student when he has passed a test dictated at the rate of 60 words a minute for five minutes, and has transcribed it with an accuracy of not less than 95%. Still another certificate is given for a rate of 80 words a minute. Recipients are:

60 Words—Celia Black, Edna Bradford, Vera Brubaker, Mildred Ford, Helen Hall, Gladys Hineman, Verna Leinard, Betty Lewis, Doris Lyons, Fern Moog, Mildred Ragan, Margaret Rector, Carmen Rollins, Wauneta Scott, Eunice Schumacher, Maude Stuller, Kathryn Wood, Rebecca Zimmerman.

80 Words—Celia Black, Vera Brubaker, Gladys Hineman, Doris Lyons, Verna Leinard, Fern Moog, Mildred Ragan, Margaret Rector, Kathryn Wood.

In typewriting, certificates are given to those that average from 45 to 60 words a minute in a ten-minute test, with not more than five errors. A gold pin is awarded for writing 60 words or more, with five errors as a maximum. Those receiving these awards are:

45-60 Words—Celia Black, Gladys Hineman, Mildred Ragan, Doris Lyons, Eunice Schumacher, Vera Brubaker, Margaret Rector, Edna Bradford, Carmen Rollins, Wauneta Scott, Mary Virginia Wells, Rebecca Zimmerman.

60 or More Words—Verna Leinard, Betty Lewis, Gladys Hineman.

Last April, the department entered the Sectional Commercial Contest at Delta, and won four places. Thelma Davis, Verna Leinard, Betty Young, and Charles Isaac were the winners.

VOCATIONAL AWARDS

The Home Economics Department exhibited at the Ohio State Junior Fair at Columbus, August 31-September 5, 1931, an attractively arranged living room window display, and from among twenty entries, took ninth place receiving \$13 as an award.

At the Achievement Club banquet held during Farmers' Week, at Ohio State University, Verl Rotsel was awarded a medal attesting membership in the Ohio Ton-Litter Club.

LITERATURE AND MUSIC

TRIANGLE LITERARY CONTEST

The Triangle Literary Contest, in which Bryan, Napoleon, and Wauseon annually participate, offers the only opportunity for public appearance to Bryan debaters and orators. This year, on February 24, Napoleon came to Bryan, Bryan to Wauseon, and Wauseon to Napoleon. Napoleon was the winner with 49 points, Wauseon second with 48 points, and Bryan third with 47 points. Mr. Wagner supervised the work in debate, Mr. Hauger in oratory, and Miss McKinney in music. The results:

PIANO SOLO—*Prelude in C Sharp Minor*.....Rachmaninoff

WASHINGTON, THE FATHER OF HIS COUNTRY

Washington Bicentennial Pageant—March 17, 1932

Bryan's tribute to Washington was a brilliant pageant, twice produced by local talent before overflow audiences. In thirteen scenes the pageant ably presented historical events during the period of the Revolutionary War and the

founding of this country. The feature parts were taken by Garwood Peeper as George Washington, Mrs. Dale Key as Lady Washington, Mrs. Carl King as the narrator. The reading of the Declaration of Independence and the "Spirit of '76" were particularly impressive. The minuet danced by six high school girls likewise received much applause.

OUR JANITORS

Radio folks, meet the keepers of the studios of Station BHS—Mr. Davis, of our Beech Studio, Mr. Stough of our Butler Studio, and Mr. Long of our High Studio. We performers in these school studios feel that no other school has such efficient "professors of dust and ashes." Their unfailing good nature, their efficient service, and their constant willingness to do things other than those required of them have been a source of joy to faculty and students alike. We want to take this opportunity to say, "Thank you."

OUR ADVERTISERS

The sponsors of our program—our advertisers—deserve our support and appreciation. It is they who have largely made possible the publication of this enlarged annual in a year of financial stress. We ask the student body to carefully note their names and give them the patronage they deserve.

CALENDAR SEPTEMBER

- Sept. 8—*Till We Meet Again* has happened. First day of school with the usual registration, rules and regulations!
- Sept. 9—On this day we buy those things which cause all the trouble. Guess what?
- Sept. 17, 18—Our first vacation! Off to the Fair to enjoy a good time, and also to warble.
- Sept. 23—First annual staff meeting. How mistaken was the person who referred to teachers as being dignified! At least it isn't true when they crawl through windows on to fire escapes! Ask our Advisor!!!
- Sept. 25—Shush! Splash! Slush! Off for Waite, for the first night football game in which we have ever engaged! No pretty starlight and moonlight this night!
- Sept. 28—Have you seen it? It's a beauty! What? Why, Miss McKinney's pin, of course.

OCTOBER

- Oct. 5—Our annual comes back from the grading house—a little picked to pieces. We meet at Miss Dean's. And oh! how the memory of that candy has helped to carry us through this year.
- Oct. 6—Hurrah! Rah! Whoopee! Girls' Gang Night!
- Oct. 12—B. H. S.'s in black, ready to meet Fate. Those first six weeks tests!
- Oct. 22—Yum, Yum! How good those weiners taste! But why did Irene L. and Bill S. run off?
- Oct. 28—G. R.'s win! Rah! Hi-Y's, you're not very good hunters. Better learn before picking wives.
- Oct. 30—Holidays! Teachers go to Toledo. Rain on that Hallowe'en Mardi Gras.

NOVEMBER

- Nov. 4—The G. R. tea. It's their 50th anniversary!
- Nov. 5—Our Latin I weiner roast turns out to be an exploration tour by flashlight.
- Nov. 10—Did you know that there is still slavery in old U. S. A.? Right in BHS, too! Yes, the Sophomores turn slaves to the Junior and Seniors in order to become members of the Latin Club.
- Nov. 11—Defiance football game. And oh! How it rained!
- Nov. 20, 21—Old BHS becomes competition for some of the touring carnivals.
- Nov. 26—Once again, "Over the river and through the wood to grandfather's house we go." Then we came back again for the annual Napoleon football game.

Jan. 12—We discuss in Civics class our need for a new jail. Some of the students do not know it. They are not familiar with that certain building in Bryan. Good work. Keep it up!

Jan. 14—We go to the auditorium for an assembly. It is a picture show taking us on an interesting trip through Ohio.

Jan. 15—In English Class we discuss fashionable hours for supper and dinner. Mr. Hauger prefers the old-fashioned.

Jan. 16—That memorable Defiance basket ball game at which most of the spectators went wild with excitement.

Jan. 18—We learn that staple farming is the amount of manure put on the ground. Ask T. M.

Jan. 19—Oh! That six weeks Civics test!

Jan. 20—Scales: How were Senators formerly chosen?
Bright student: By the bicameral system.

FEBRUARY

Feb. 3—Robt. McDonald evidently becomes confused in French class and thinks his head is made to stand on instead of his feet.

Feb. 4—The 9:50 Civics Class established the National Bank of Bryan, Ohio.

Feb. 9—Constance Phillips develops a new sneeze in English class. The Mask and Sandal hold their open meeting.

Feb. 11—We wonder why "Red" Daniels is so worried about the tax on marriage licenses.

Feb. 12—We learn that Terry Musser's father's business is—Depression. School is dismissed to go to Farmer's Institute.

Overheard

Mr. Scales requested his Civics class to look up the date at which George Washington first came to Ohio. Next day, during the lesson, Katharine Wood piped up,

"What about that date, Mr. Scales?"

"You embarrass me very much, Katharine, I thought that was just between ourselves."

And the class roared with laughter.

Cora Isaac, in Law Class: "I don't understand those marriage laws."

Mr. Scales: "Ask any of the boys. They will be only too glad to explain them to you."

A Problem Solved

It has always been a problem with me as to why there are so many Smith's. Even our fair high school has a goodly percentage of them. As I was pondering on this weighty matter one day while strolling down High St., suddenly the answer was plain. Behold, there before my eyes was the SMITH HATCHERY!

Lost

Alas and alack! What would we do
If the teachers all lost their pet
criticisms?

Poor Mr. Haugher, the rotund
little man,
Would nearly blow up without his
sarcasm.

History would progress and current
events be forgotten.

If dear Mr. Wagner would stand
up and say,

"I hate to disappoint you, but I'll
put you wise,

The first one that argues gets a
vacation today."

The school, it is true, would be in
the hole

If our darling Miss Nofsinger
would forget to giggle.

And Miss Goeller, too, would leave
a big chasm

If her manners and conduct were
thought to be fickle.

A miracle would be if that nice Mr.
Geer

Would never get stumped in ad-
vanced mathematics.

And assembly'd go wild if our good
Coach Lathrop

Would forget to be bashful and
use different tactics.

What would Miss Winzeler do if

Dennis Harmon has just been
appointed a professor of Latin at

bestowed on Mr. Harmon does not
come as a surprise to his former

the greatest wonder of B. H. S. in
those days used to be the fact that
Denny always got so much out of
his Latin.

The Calamity

The moon shone brightly down
upon the SENIOR CLASS when
lo and behold a calamity fell!

Snow turned to rain.

Fix became unfixed.

Wonsetler enlarged to two settlers

Beamer turned to a plain log.

Kerr, true to her name, became a
jar.

Hathaway walked all the way home
Burgbacher forgot to bark.

Scott stopped writing poetry.

Phillips became empty.

Rector deserted her charge.

Harrold blew his trumpet out.

Moninger changed his moniker.

Carrol ceased singing.

The Millers deserted their mill.

Murray became a violet ray.

Allison left off being Alla's son.

McKarns, unmindful, fell in a tarn

Oberlin ceased yelling, "O! Berlin"

DeGroff became "de turf."

Benner really changed to Ben Hur
Lyon entered the jungle.

Lawrence decided to "wash" the
law.

Shockley became shock-proof.

Goller stopped going.

Cotter sold his cot.

Apt decided she was not apt to be
there.

Black changed to white.

The Schuhmachers forgot to cobble

Hail became a kitchen.

Oliver decided to be stuffed.

Daniels left the lion's den.

Lockhart opened her heart.

Ford became a Buick.

Gleason was so sorrowful.

Stuller started moving.

Wells became a cistern.

Wood turned to coal.

Fisher began to hunt.

Davidson quit being David's son.

Isaac transported himself to an-
cient times.

Brubaker started baking bread
with the brew.

Bishop became a cardinal.

Sisco changed his form to "Crisco."

Musser got down to business and
did things.

Hineman stopped following and
hunted a man.

Bowman gave up his archery.

CARROLL'S

The Store of Quality

Our grocery store is a keeper of food,
Of a great variety, too;
We're courteous and honest and willing
to sell
Our "Clean Foods" to you.
To cash and to carry is a treat new-
a-day;
We're willing to help you in any old
way;
We'll deliver you food and wait on you
too,
So come in, look around, whatever
you do.

SATISFACTION GUARANTEED

The Zimmermans stopped simmer-
ing for good.
Van Gundy began trucking.
Bradford turned into a city.
Ames began aiming high.
Carlsten became a second Einstein.
Kirkpatrick lost Patrick and be-
came soap.
Ragan turned into a pagan.
Culbertson grew round and became
a culvert.
Harvey, like John Alden, asked for
himself.
Kirby quit curbing his affections.
Leinard, in hopes of a beau, chang-
ed her line.
Old McDonald lost his farm.
Mick took on EY and became
Mickey, the Mouse.
Moog changed from a fern to a
rose.
Repp turned into a plush.
Rollins lost her "Carmine" color.
Sprow sprouted and grew.
Zwayer glanced up and now is a
saver.
Snyder snipped and became a
snipe.
Lewis dropped Ty and started to
Bet.

The Library

No, don't get the wrong impres-
sion. There's nothing the matter
with the library itself. Nor is
there anything wrong with the ma-
terial there, and the ones in charge
are always amiable personages.
But, say, you know this place is
supposed to be used for reference
work, or for the disposal of our
leisure time. O-dear, o-dear, I
shudder when I think how busy
some of our dear students are try-
ing to refer to all that reference
work.

I turn green with envy when I
think of the amount of leisure time
some have to spend there, just
reading, when they aren't looking
things up to refer to. But then,
we can't all get our lessons so
quickly that we have a lot of leis-
ure time to spend in the library.
Nor are we all good enough bluf-
fers to make our dear librarian
think we are studying there.

Our Humor

In accordance with the recommendations of the National Press Association which graded the 1931 Zeta-Cordia, the "canned humor" section has been eliminated in this year's book. Instead, actual happenings and take-offs have been inserted. For the squibs which follow the calendar we are indebted to Frances Batterson, and several Sophomores.
